6. Check the Application Status

Case2. Existing Application -1

When you have previously submitted an application and want to view it

The screenshot shows a web application interface for tracking application progress. At the top, there are browser tabs for '(Czech Republic-only)', 'HOME', 'Application(New/Re-registration/Renewal/Change) x', and 'Application Progress Status x'. The main heading is 'Application Progress Status' with a star icon and an 'Inquiry' button. A flowchart illustrates the process steps: 'Send the application form (0)' leads to 'Under review (0)', which leads to 'Request for evaluation (0)', then 'Being evaluation (0)', and finally 'Complete Evaluation (0)'. Above the flowchart, there are boxes for 'Not sent (1)', 'Return (0)', and 'Withdrawal from evaluation (0)'. Red arrows indicate that 'Not sent (1)' leads to 'Send the application form (0)' and 'Return (0)' leads to 'Request for evaluation (0)'. Below the flowchart is a table with columns: Application number, Operational category, Application category, Item work, Agent Y/N, Representative item name, Number of item to be applied, Date of application, Progress status, Return/Recall history, and Evaluation result (Item count) with sub-columns for Qualified and Unqualified. The table is currently empty, displaying 'No data is loaded.' At the bottom, there is a pagination control showing 'Page 1 / 0 >>' and a '30' value.
